

DECORATIVE ENTRYWAYS

DECORATIVE DOORLIGHTS • SIDELIGHTS • TRANSOMS

42

YEARS OF

Quality by Design

We are extremely proud to celebrate our forty second anniversary as a successful family business. We have grown significantly since our humble beginnings and today, as always, we are committed to providing the highest quality of doorlights, sidelights, and transoms.

We are pleased to introduce our newest Decorative Entryways catalog with a wide selection of new designs. Our catalog is unique in the door and glass industry for its presentation by size and coming. Customers start by choosing the size that they are looking for and then find the selection organized on each page by coming style. Our success has been a direct result of the talent and dedication of our employees and the support of our many customers!

Contents

Series Close Ups	4	Sunbursts	30
Full Doorlights - 64" and 80"	8	7 1/2 x 18 1/2 Doorlights, Spheres	31
Full RoundTop Doorlights - 64"	9	Elliptical and Half Round Transoms	32
Three Quarter Doorlights - 48"	15	Rectangular Transoms	33
Gemini 36" and 48"	18	Grills Between Glass (GBG)	34
Half Doorlights - 36"	19	Blinds Between Glass (BBG)	35
Half Roundtop Doorlights - 36"	23	Custom Options	36
Three Quarter - Ovals	24	Breakthrough® and Hurricane Resistant Glass	37
Full Ovals and Sidelights	26	Clear Glass Doorlights	38

RSL offers the Industry's Best and Only Lifetime Warranty for Both Glass and Frame.

- * All decorative and clear glass doorlights use maintenance-free frames, which can be stained or painted, with or without a primer.
- * Each RSL product is personally inspected to ensure consistent quality.
- * Our doorlights have our name stamped on the glass, frame, and spacer bar.

- * All RSL decorative and clear glass doorlights use safety tempered glass for lasting strength and are thermally sealed to save energy.
- * Our comfort Ti Low E glass option is made with an invisible thin titanium hard coating that blocks heat flow and filters UV rays.
- * Low E glass is a proven energy saver, reducing water, heating, and air conditioning costs by 25-35% (U S Green Building Council). In the summer it reduces solar transmission and in the winter it reduces heat loss to the outside and allows solar energy to pass inside.
- * Thermal performance testing on RSL doorlights in steel and fiberglass doors meet and exceed national building code compliance.

Our glass patterns and colors use handcrafted glass that have different textures. Slight bubbles, lines and surface marks are all natural characteristics of artistic handcrafted glass and are not considered defects.

Protector

Breakthrough Resistant® Glass

- Forced entry deterrent
- Protects against storm damage
- The unit still resists penetration, even if the exterior pane shatters.
- Any decorative or clear glass doorlight can have the Protector Breakthrough Resistant® feature added.

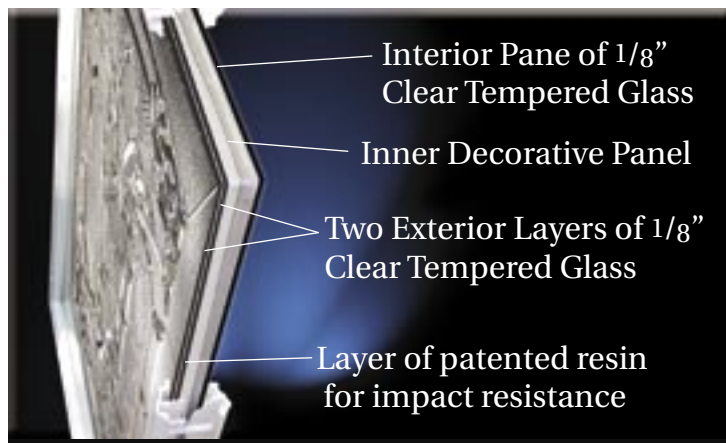

Ideal for Patio Lights

All glass products can be shattered after continuous impact, but these laminated units hold the tempered glass in place, maintaining a home's security.

Impact

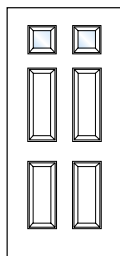

Hurricane-Resistant Glass

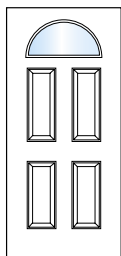

- Impact Series doorlights are hurricane resistant and meet Florida & Texas building codes, and must be tested in a complete entry door system
- Meets and exceeds large missile impact tests for hurricane building codes (Dade County, Florida Product Control Notice of Acceptance #97-0527.04)
- Peace of mind, 24 hours a day
- High-performing energy savings
