Protector Doorglass

Reduces Sound Transmission

- Ideal for multifamily housing, urban areas & housing near airports or highways
- STC rating 28-37
- Lifetime warranty

STC (Sound Transmission Class) is an established way to measure how much sound is stopped by a door. Higher STC values represent better noise reduction. Protector laminated glass helps to reduce sound, thus increasing the STC value which is ideal for multifamily housing, urban areas, and housing in close proximity to airports highways, or trains.

An added benefit, Protector doorglass is break-thru resistant; manufactured to stop a blow from a sledge-hammer! Protector is available as an upgrade on all commodity and decorative doorglass in any shape or size.

Break-in Resistant

- Extra security with laminated glass
- Forced entry deterrent
- Stops a sledge-hammer blow

Hurricane Impact Commodity Selections

All rectangular sizes are available by special order.

RSL Hurricane Impact doorglass and sidelights are available in Clear, Low-E, Bronze, Gray, Turtle or Textured glass. All impact units are affixed with labels showing our Florida Building Approval #15419.

Thousands of marine turtles nest in U.S. coastal areas and building ordinances protect hatchlings by limiting light. RSL turtle glass helps meet those requirements with Impact & non-Impact doorglass.
